Member Wendell Neuman from Carson City NV demonstrates his tractor, a Farmall M.

While you may not live at 5,000 ft, he does.

Wendell is a long time collector of IH Farmalls owning a number of smaller Farmall model tractors. He seems to always have extra parts for Farmall A, B, C H, so you may want to reach out to him to satisfy your IH parts needs.

A shout out to Wendell Neuman for sharing his picture.

You should be watching Classic Tractor Fever on RFD-TV as I did. Our member Dave Rogers was featured with his Farmall 450 high crop. He was part of the Iowa Great Tractor ride, and has done so many times (18).

Did you miss our Winter meeting in Los Banos? We thank David Santos for hosting this event where we launched our first 2025 business meeting for members and enjoyed the spectacular display of IH and Farmall tractors. Again thank you to David Santos for feeding us a fantastic BBQ luncheon.

Headed to winter convention this month in Dallas? We are headed there this week to be part of seminars, workshops, tours, and to network with IH Collectors. Let us know and we'll meet you there.

Visit our website, www.ihcc14.org. We've had challenges with its display. But for now it is up and running. Please visit our website.

See you at the California Antique Farm Show next month,

Roger Lubiens, President
